

CLOUD PRODUCTION MACHINERY

Fully customized glove production machinery, built end to end.

We design, fabricate, and install fully customized glove production systems for manufacturers worldwide.

OVERVIEW

SAMA is a leading specialist in glove production machinery, backed by over 45 years of engineering expertise.

45+

YEARS OF EXPERIENCE

600+

MACHINES DELIVERED

11+

COUNTRIES SERVED

ISO

9001:2015 CERTIFIED

CHAPTER 01 / WHAT WE BUILD

Machinery, process systems and turnkey projects.

01 / MACHINERY

Glove production machinery and turnkey projects

Design, manufacture and install glove production machinery and turnkey projects, with manufacturing facility setups.

02 / DEVELOPMENT

Robot Dip Simulator

For R and D product development.

03 / THERMAL

Heat exchangers, heating systems and ovens

Design and supply of heat exchangers, heating systems and ovens.

04 / PROCESS

Compounding and chemical dosing systems

Process chemical dosing with PLC/SCADA controls, process tanks and storage tanks.

INDUSTRIES WE SERVE

Engineering across the glove, rubber, boiler and HVAC industries.

GLOVE

RUBBER

BOILER

HVAC

STRUCTURAL WORKS

TANKS

OVEN HEATING SYSTEMS

PIPING ROUTES

We also provide engineering services across the glove, rubber, boiler and HVAC industries, including structural works, tanks, oven heating systems and piping routes.

CHAPTER 02 / COMPANY

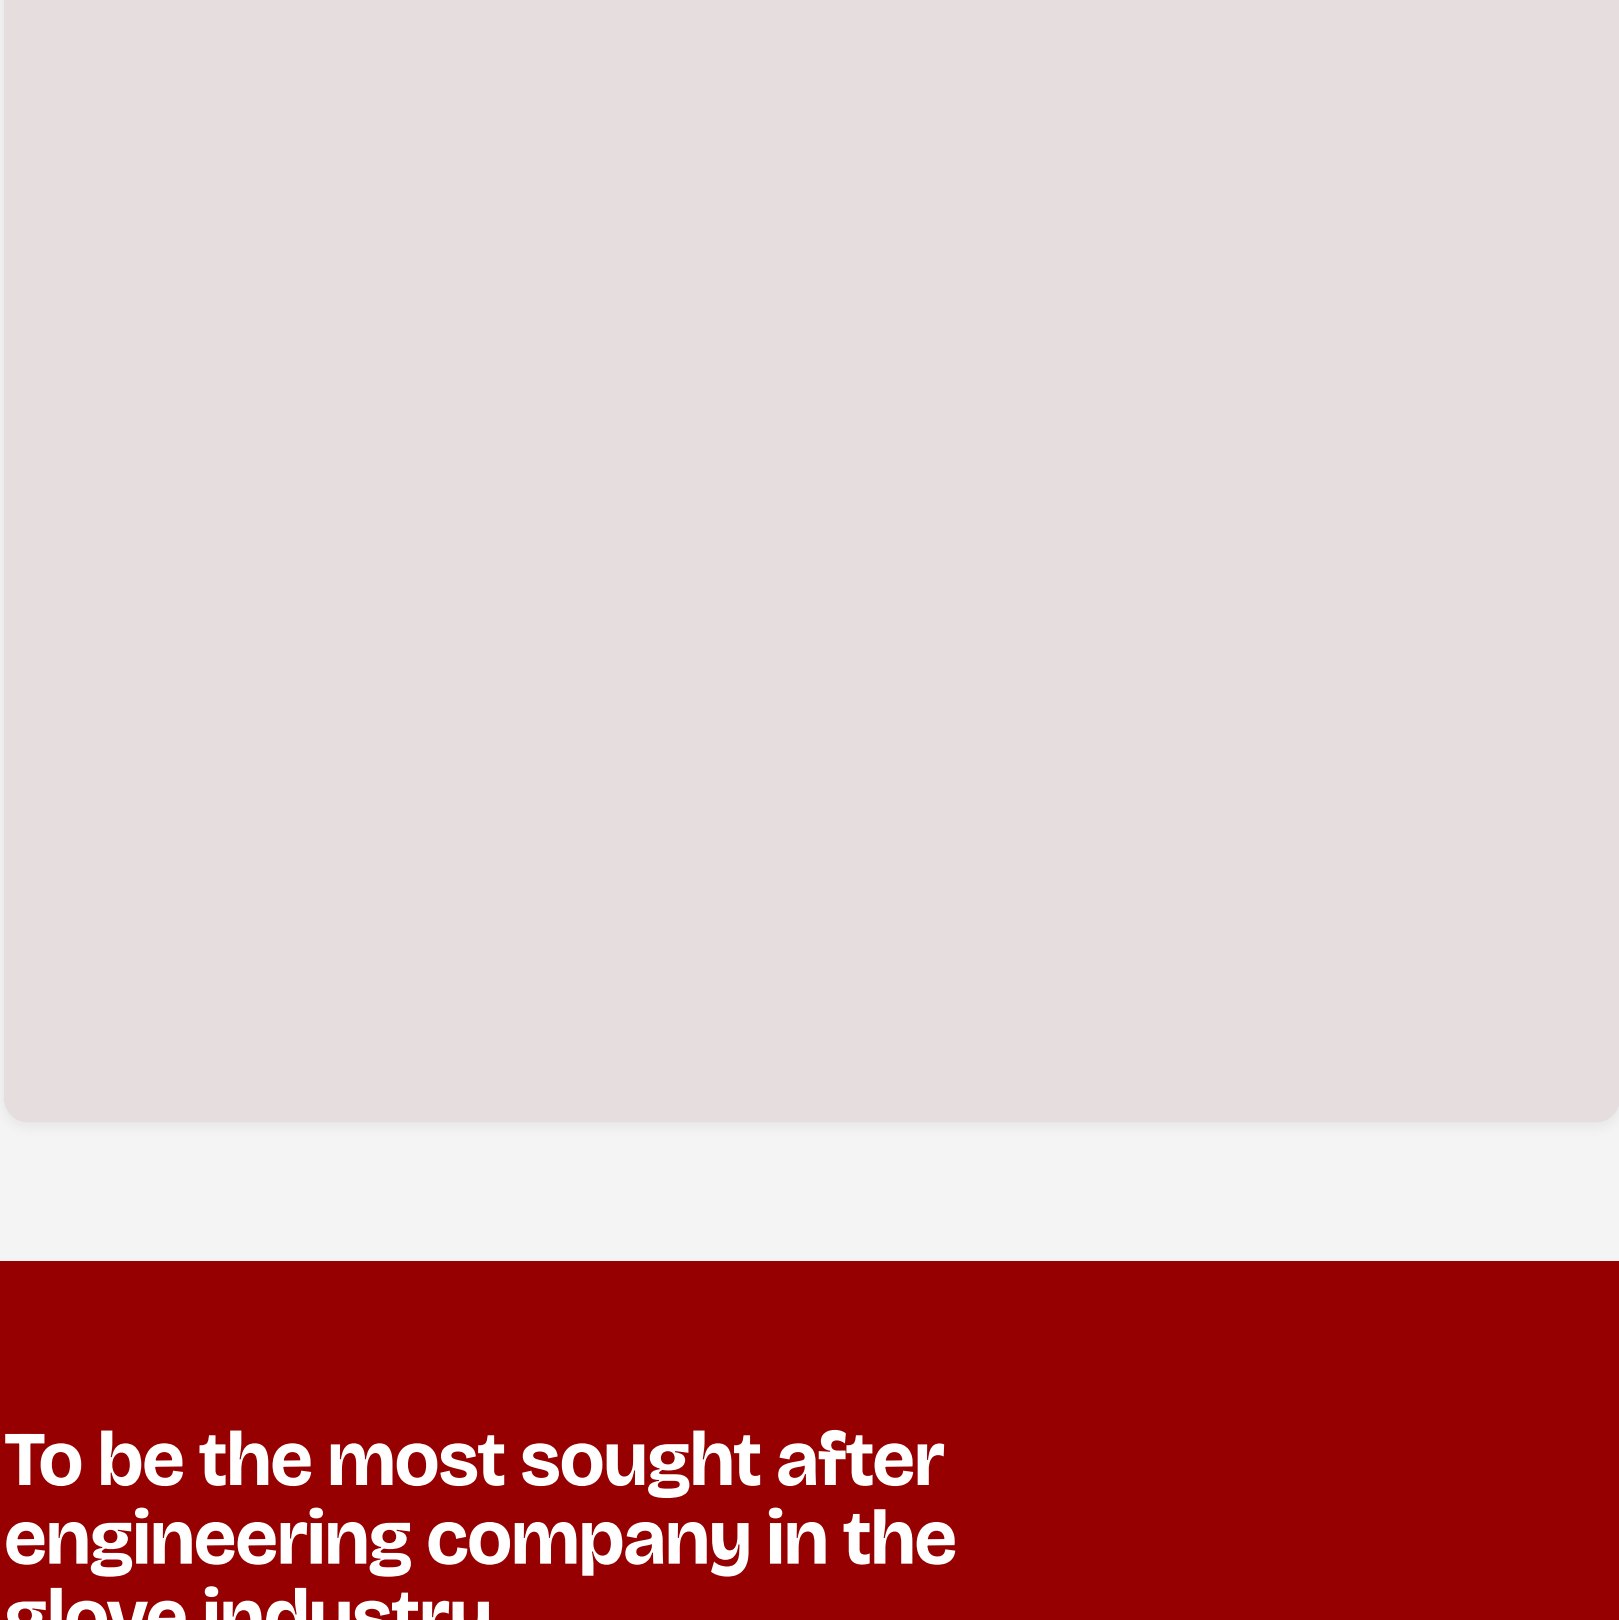

A legacy that began in the 1980s.

Established in 1996 by industry pioneer Mr. Kuan Teck, Sama Kejuruteraan Sdn. Bhd. is built upon a legacy that began in the 1980s, when he played a pivotal role in shaping Malaysia's early glove machinery landscape.

Today, under the strategic stewardship of second generation leader Mr. Kelvin Kuan, SAMA has evolved into a global engineering solutions provider, delivering innovative machinery and integrated solutions across industries.

We are our customers' most trusted provider of customized machines by consistently exceeding their expectations.

ESTABLISHED	1996
FOUNDER	Mr. Kuan Teck
LEADERSHIP	Mr. Kelvin Kuan
QUALITY SYSTEM	ISO 9001:2015
ERP	Infor CloudSuite
OFFICES	Malaysia, Thailand Sri Lanka

To be the most sought after engineering company in the glove industry.

By providing the total solution in the most efficient and cost-effective way.

OUR VISION

CHAPTER 03 / WHY SAMA

What our customers weigh, and how we answer it.

DELIVERY TIME

Multiple operations under one roof

State of the art facilities consolidate design, fabrication and commissioning, enabling superior efficiency and quality control.

PRICE

The total solution, cost-effectively

We provide the total solution in the most efficient and cost-effective way.

CUSTOMIZATION CAPABILITY

End to end, not off the shelf

A leading designer and builder of customized machinery, with complete end to end solutions in design, fabrication, installation, commissioning and development.

CERTIFICATION

ISO 9001:2015 and Infor CloudSuite

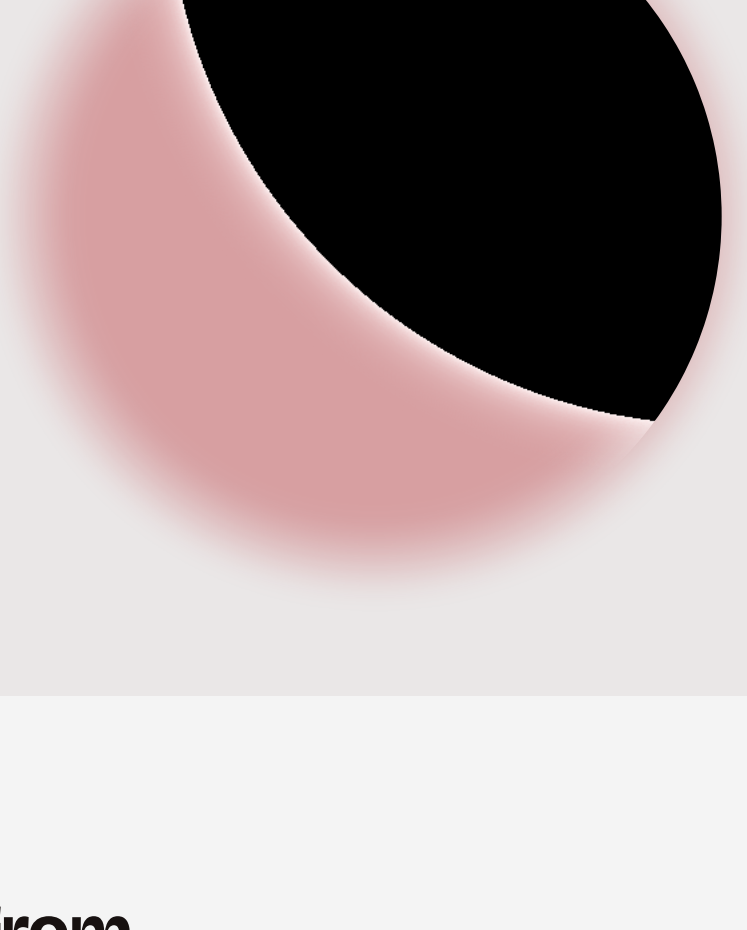

An ISO 9001:2015 certified Quality Management System, strengthened by the implementation of ERP Infor CloudSuite.

GLOBAL PRESENCE

Serving glove manufacturers worldwide.

SAMA delivers machinery and integrated solutions to manufacturers in 11+ countries, engineered from three regional offices.

Malaysia	BERANG, SELANGOR
Thailand	HATYAI, SONGKHLA
Sri Lanka	DEHIWELA, COLOMBO DISTRICT

CHAPTER 04 / PROCESS

One partner, from design to a running line.

01

Design

Custom engineering to your line and your product.

02

Fabricate

Built in our own facilities under one roof.

03

Install

Delivered and installed on site.

04

Commission

Brought into production and validated.

05

Develop

Refurbishment, maintenance and continued improvement.

CHAPTER 05 / WORK

Machines installed for major glove manufacturers.

GLOVE PRODUCTION MACHINERY

TURNKEY PROJECT

OVEN HEATING SYSTEM

PROCESS AND STORAGE TANKS

ENQUIRE

Tell us about your line.

Send your project details and our engineering team will respond.
